Minimum required local contribution shall be the preliminary local contribution less 20 percent of the excess effort amount, if any, as defined and calculated in said house bill 2. Minimum required local contributions shall be allocated among the regions to which a municipality belongs according to the allocation methodology used to allocate said contributions in said house bill 2. For fiscal year 2007, chapter 70 aid shall be the difference between a district's foundation budget and the sum of that district's share of preliminary local contributions of member communities as determined by the department of education. Additional aid shall be added such that every operational district receives at least as much aid as the district received in fiscal year 2006. No district shall receive chapter 70 aid in an amount greater than the district's foundation budget. If there is a conflict between the language of this section and the distribution listed below, the distribution below shall control.~~

~~The department shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year 1994.~~

~~No payments to cities, towns, or counties maintaining an agricultural school pursuant to this section shall be made after November 30 of the fiscal year by the state treasurer until he receives certification from the commissioner of revenue of the commissioner's acceptance of the prior fiscal year's annual financial reports submitted pursuant to section 43 of chapter 44 of the General Laws. The state treasurer shall make advance payments for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district, or independent agricultural and technical school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of administration and finance, pursuant to guidelines established by the secretary.~~
